Olympus High Parents and Students,

I hope that you have had an incredible summer, and are looking forward to a great school year. I couldn't be more excited to welcome you back for the 2022-2023 school year. It is crazy believe, but our Olympus High School registration for the new school year opens up tomorrow, July 26th.

If you have not yet received a postcard in the mail, you will be receiving one this week with registration details. All of our registration will be happening online and will be completed through the parent portal. Please click on the registration tab on our school website to direct you to the portal and to find a lot of additional information. Once you have submitted all required forms and the students fees/account balance is zero, via WebStore payment or fee waiver approval, then schedules will be released and viewable by clicking on the schedule tab. You will also receive your schedule by email to the email associated with the parent portal account.

Please review the attached documents, which can also be found on our registration tab for some specific, detailed information. We have SO many exciting and fun things we are looking forward to for this year. Here are some highlights of upcoming events:
