Olympus High Parents and Students,

I hope that you have had an incredible summer, and are looking forward to a great school year. I couldn't be more excited to welcome you back for the 2023-2024 school year. We have got a lot of great things planned and prepared for our students.

Registration for the 2023-2024 school year will open next week, August 1st. Granite School District has transitioned to a new Student Information System called Focus. Because of this change, our registration is opening a little later than usual. If parents already have a GSD portal account, they will log into <https://focus.graniteschools.org> with the same login credentials they have used in the past. You will love our new portal! It is a one stop shop for everything.

Please click on the registration tab on our school website to direct you to the portal and to find a lot of additional information. Once you have submitted all required forms and taken care of the registration fee of \$65, students will be able to receive their schedule.

Please review the attached documents, which can also be found on our registration tab for some specific, detailed information. We have SO many exciting and fun things we are looking forward to for this year. Here are some important dates:
