

Olympus Jr. High Community Council Minutes

April 11, 2016, 3:15 p.m.
Front office conference room

Attendees: Katie Graham, Scott Gregory, Sally Timmins, Jane Nate, Principal Grant, Tina Seastrand, Jessica Moody, Kimberly Chytraus
Excused: Jen Wunderli

Minutes

- The council approved the minutes for the March 14 meeting.
- S. Timmins motioned to approve the minutes. S. Gregory seconded the motion. All voted to approve.

Principal's Report – Discuss 9th Grade Realignment Process

- Olympus Network District Community Council representative (Oliver Schreiber) would like the Olympus Network community councils to meet to discuss the 9th grade realignment process. The Olympus Network is not starting the process but we want to learn about it since Skyline network is investigating realignment.
- Possible meeting May 19 at Olympus High School for all network community councils. If meeting is scheduled it will be publicized to parents and PTA. We want a representative from the District to attend.
- The Council wants to hear from parents about their thoughts on realignment.

Digital Citizenship

- J. Moody presented on digital citizenship. The school has iBoss from UEN that filters the school's wi-fi. It catches a lot of content and if anything is found the school reports it to the District to add to the filter.
- Next year the District is implementing a Canvas course on internet usage. The proposed curriculum is attached. Many of the topics will also be offered through 8th grade CTE.
- The Council recommends that this course be offered to all grades (not just 7th grade) and that the content be available to families.

Meeting adjourned at 4:10. No May meeting currently scheduled.
