Review of Minutes from Previous Meeting:

No prior items to review

Agenda items:

Members and Positions: Kami Romrell will be Chair; Anna Dees will be Vice-Chair; Patricia Kammerman will send the meeting notes to Misty Butterfield

Sixth Grade Reconfiguration: The entire Kearns network needs to be in agreement on this issue. Do we want to start discussing this option?

School Calendar: Community Council members are encouraged to complete the survey for the school calendar in coming years

Land Trust budget and current expenditures: We are spending our money on teachers' salaries -- we are paying for a half-day Kindergarten teacher and another lower grade teacher. Next year's budget is due in March.

Other: We have been classified as a "SIG" school. Our school grade last year was an "F". Since we did not demonstrate enough growth, we are facing the possibility of some sanctions.

We will be having a positive behavior intervention system/program rolling out at the end of October.

Our goal is 1 1/2 years of growth for every student.
