

Community Council Meeting Notes Sept 13, 2016

Review of last meeting notes:

Motion to approve: Aubrey Dillman, 2nd motion Leona Chandler

Land trust expenses from last year went over by \$3600 for aides pay. Funds were moved around accordingly to cover the deficit. This year a closer accounting of aides hours and pay will be kept. Dibbles scores went up by 11% with the help of reading aides this last year.

Leona has been trying to locate new playground equipment due to damage done to the east side play ground. Cost may be prohibitive at this point. May need to try a fundraiser in October or November to get equipment sooner, or save up until there is enough.

Upcoming Events:

-SEP conferences coming up next week.

-Picture retakes will be on Oct 7th

-Family photo night on November 7th. Professional photos will be taken and families can order CDs and prints for \$40.

Safety Concerns:

The council is still communicating with the city on improvements and changes to our school driveway. Budgets and money have been preliminarily approved, however funds are still awaiting approval from WVC.

Walking School Bus idea is still under consideration. There is a new app available for parents to log in and participate. This will be an ongoing discussion as we work to get it going.

Community Council Voting:

There are 3 parent spots and 1 teacher spot available. Four applications have been turned in and need to be voted on at SEP conferences next week on the 21st and 22nd.

Next mtg Oct 11 at 5:00

Meeting ended at 5:37pm
