

Community Council Notes:

In attendance: Kami Willis, Stacie Olschewski, Trent Liscomb, Aubrey Dillman, and Crista Holt

Welcome 3:30 pm

Crista went over the description of the community council and roles.

Chair: Kami Willis

Vice-Chair: Stacie Olschewski

Reviewed land trust plan and spending

Reviewed the TSSA plan and spending

Trent asked if paras could be used to support distance learners on Friday. Crista will look into seeing if any paras would want to work additional hours for that.

Trent also asked if we could start assigning Chromebooks to a student circulating with them year after year at Orchard. Crista will work with the school's STS to see how we can work that out, so students keep their same Chromebook year after year.

A big expenditure line item in the TSSA plan would be upgrading the sound system in the school and other technology needs in the building. A question was asked about when Orchard would be rebuilt. Crista will look into the rebuild timeline. *Update the rebuild has been pushed to 2030.

We discussed the band program, and because of COVID-19, we are holding off while having them at Orchard. We will reevaluate in January about the program.

We will meet on the first Thursday of every month at 3:30 via Zoom.
