Business/Action Items:

Teacher Grants

Kenzee Besler - \$120 - I use a program called the Barton reading & spelling system. I use this program because it helps students who show signs of dyslexia. In the program there are tiles you can use for students. Unfortunately I only have one set of tiles and normally work with 3 students at a time. I would love to get 2 more sets of tiles so when I am working with students each student can have their set of tiles to work with. It will help their reading and help them build the skills to be successful not only in my room but in the general

education classroom as well. It will be level 2 tiles, level 3 tiles, and level 4 tiles from the Barton reading system. <https://bartonreading.com/price-3/#extra>
