

Survey Announcement Email/Text for Families

Dear Orchard Families,

Students are important partners in our efforts to improve our communication, academic program and overall educational experience. In order to learn more about what our students need in order to thrive, we will be asking for your child's feedback via an online survey given three times a year that will be completed at our school. Your students' feedback will provide valuable insight into their experiences and help our district adapt to meet their needs.

The survey will ask students to self-reflect on their social skills, dispositions, and emotions, as well as the support that they receive in and outside of the classroom. You can preview the survey content using the links below:

[Skills and Dispositions: Grades 3-5](#)

[Skills and Dispositions: Grades 6-12](#)

[Supports and Environment: Grades 3-5](#)

[Supports and Environment: Grades 6-12](#)

The survey will take no more than one class period to complete. If a student doesn't feel like they have enough information to answer a question, or doesn't wish to answer, they will be able to skip the item altogether. Educators who work with your child will be able to see their self-reported areas of strength and areas for growth. We are partnering with a third-party vendor to support us in administering these surveys.

If you do not want your child to participate, please notify the school by September 8, 2023. We thank you in advance. If you have any questions about the survey administration, please don't hesitate to contact us at cholt@graniteschools.org.

Sincerely,
Ms. Holt
