

Pioneer Community Council Minutes

September 11th, 2023

Meeting began at 4:00 p.m. In attendance: Doug Johnson, Corine Keyonne, Loura Texeira, Claire Bruce, Maria Sio and Grant Bushman.

Maria moved to open the meeting, Grant seconded the motion

First item was an FTE update. Currently enrollment is sitting at 404 students. We were projected a little lower so we are looking good with a higher actual number. We are funding 15.5 as our current FTE. We were allocated 14.5 from the state so we are using our funding for the extra 1 FTE. The state is funding one OEK. This is the last year of the ESSER grant for covid so we still have the funding to provide that additional 1 FTE through that and Title 1 money.

Next, we watched some new Land Trust training videos. These updated us on the current trust system overview and gave us information about new trust fund items.

Finally, we discussed the end of year data from last year. We looked at RISE growth at our school, POP goals in comparison to the district, and Title 1 RISE growth and proficiency in ELA and Math. In all areas we are continuously improving and showing progress.

Grant moved to close the meeting and Corine seconded the motion. Meeting was adjourned.
