### **3. 2021-2022 Trustland Budget**

-Landtrust will stay about the same. Pleasant Green staff would like to continue spending the way we have been so far. They are waiting from the district to see what the TSSA budget will be.

### **4. LANDtrust/TSSA Goals**

It is possible that the state will cut some of the TSSA funds, but everything is still up in the air.

The school has asked the district to speak with superintendency to have leniency with leftover TSSA funds. Hoping to be able to roll 30% of it for next school year.

-Next year's goals: "Continual Improvement Plan"- combines TSSA and LANDtrust into one report in an effort to streamline things.

### **5. FTE**

-We have 415 students, which gives us 15 FTE for now.

### **6. Digital Safety Video**

-Allison will email it out to everyone

### **7. Parking Lot Safety Update**

-Safety patrol is up and running. It has seemed to help.

-The school has also placed cones in the bus lane to keep cars from pulling in

- Allison will request a Unified Police Officer to be out front to help mitigate speeding issues in front of the school.
