

Pleasant Green Elementary  
School Community Council Minutes  
Tuesday, November 14, 2023  
1:20 pm

Members in attendance: Allison Peterson, Janet Stenberg, Rachael Litnak, Holli Meza

1. Welcome and approval of May minutes
  - Meeting called to order at 1:27 pm. Allison approve; Rachael second
  
2. Safe Walking Route/SNAP
  - UDOT runs SNAP website and just launched a new platform that went live this morning. It should populate our old plan and allow us to add to new plan. Allison will show us at our next meeting because her password is not working.
  
3. Data
  - Data for Beginning of Year (BOY) was not the greatest, which is normal. Will have grade level data for Middle of Year (MOY) after December. The school will start testing when we get back from Thanksgiving break. Already seeing growth through progress monitoring, so they are doing well.
  
4. Budget- LAND Trust, ESSR, TSSA
  - On track for spending funds. Currently trying to use up ESSR money since it ends after this school year, and trying to budget LAND Trust to stretch para budgets. Part of budgets Allison wanted to bring up- the district was planning to measure the perimeter of the playground to add gates to enclose the playground. The district now wants it to come from capital funds, not security funds like it was originally presented. Need to figure out how to make that happen.
  
5. Boundary Changes/Reconfiguration
  - Currently slated to have Brockbank Campus reopened as a jr high and moving 6th grade to middle school. We can have Steve Hogan and Ben Horsley attend our community council if we feel like it would be beneficial. Holli suggested possibly holding a School Community Council meeting in the evening to give parents an opportunity to hear from the district.
  
6. Catapult
  - Emergency alerts for the school that goes directly to faculty and staff. Just adds an extra platform to notify staff members in case of an emergency. Still trying to get familiar with the system to make sure it is working properly.
  
7. Additional items
  - Allison will bring BOY data to our next meeting
  - Will also discuss creating a vision/mission statement for our council.

Adjourned: 1:49 pm
