

# GRANITE SCHOOL DISTRICT PARENT EMPOWERMENT N I G H T

## WELCOME!

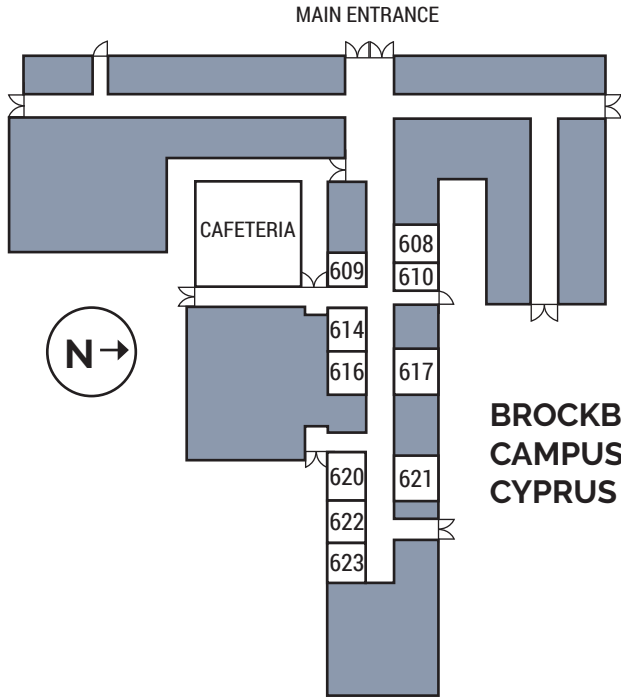

As a parent, your influence is much more prominent than the teachers, coaches, administrators, and other school staff that your child interacts with during the school day. In short, we cannot do it alone. By working together we can produce the best possible results for our youth as they prepare for college, career and life in the 21st century world.

OUR THANKS TO:

There will be three 35-minute class rotations
