### **Report on money spent so far:**

### **SEP Virtual conferences:**

*95% average either in-person or online conferences. Teachers counted the meetings they had for working with distance learning students and parents on getting Chromebooks up and running.*

### **Distance Learners/Face to Face Learners, 2<sup>nd</sup> quarter:**

*Right now, we have about 25% for distance learners and 1<sup>st</sup> term we had 30%. There will be a few more kids in class, especially Kindergarten and 2<sup>nd</sup> grade. We have plans to address this if needed.*

### **Turnaround status and audit**

*Discussed meeting with Aaron Wilson, Title 1 director, and Tracy from the USBE. We discussed whether or not we could house Jodi Lusty in our school to help support with family engagement. We also talked about having another person here to support community needs.*

### **Halloween**

*No parade. No costumes. Spirit week instead.*
