

Community Council Notes 2.18.21

In Attendance:

Jolynn Koehler, Jill Vantrease, Jodi Lusty, Marian Behunin.

Report on money spent so far/money for next year

This year is set, next year we should have about the same amount of money.

Turnaround status:

Mrs. Koehler reported on meeting with Mr. Wilson and Kattie Dewald from Ed Direction. Kattie will begin working with us again, mostly on Fridays for PLCs and other meetings.

Work on 3 school goals:

1. *Reading goal is on track, district recognition for growth in middle of year.*
2. *Working on making sure math goal is on track. Working on that this month.*
3. *Introduction of new expectations is going really well including family engagement visits.*

Digital Citizenship: Look at the videos

How can we help our students?

<https://www.common sense.org/education/digital-citizenship>

Start our thinking about next year's money

Do we want to spend next year's money on a regular teacher again to make smaller class sizes?

Do we want to focus on math, or science?

We could hire an extra teacher for teaching groups?

Do you have any other ideas?
