Discussion	Staffing for 2019-2020	
<p>Connie reported that teachers voted to pay for 1.5 FTE out of Title I. The council also felt that it was a good idea to invest in teachers and try to keep classroom sizes smaller. Using Title I budget in this way means that RM does not have to surplus any teachers.</p> <p>There will be some movement among the staff to fill the needs at each grade level. Connie passed out an interest indicator to the staff to help determine staffing needs for the upcoming year.</p>		
Conclusions	Connie will update the council when she has additional information about staff changes.	
Action items	Person responsible	Deadline

Discussion	Faculty's Reasons Why PLCs are Important	
<p>Some of the reasons listed by staff were:</p> <ul style="list-style-type: none"> • create assessments for PBG • collaborate with reading specialists and coaches to discuss data and student grouping • Calendar for the overall year and check curriculum maps • Support new staff members and create a more stable faculty • PLCs foster unity among team members • Discuss intervention options • Look at data to make informed decisions

<p>As far as the budget goes, Connie would like to continue to give Christine additional funds to buy more books for the library, fund specialists for rotations while classroom teachers have 45-minute PLCs during the week, and pay for subs for all day collaboration. Connie will move and pay paras out of LAND Trust instead of Title I.</p> <p>On a side note—Connie reported that RM was awarded the technology grant so that the Chromebooks can be updated next year.</p>
