### Agenda Items

- ✓ Welcome
- ✓ Minutes from previous meeting were reviewed and approved.
- ✓ Enter final reports for 2019-2020 (expenditure data entered through UPEFS); District review complete by February 26 (Deb to complete before February 5<sup>th</sup>)
- ✓ Video on SAFE TECHNOLOGY AND DIGITAL CITIZENSHIP. (Watched video, discussion on how to present to kids and parents. Decision was to share video with families via Blackboard system and to have our School Technology person, Mande Cossa, make a video for teachers to share with students.) <https://www.youtube.com/watch?v=v3fbUrq-ro0&feature=youtu.be>
- ✓ Who communicates with the communication department? (Communication can come from Principal or CC Chair to Ben Horsley's office 385-646-4220)
- ✓ Begin discussing and planning the Land Trust plan for 2021-2022 (Council felt we need more information on amounts of other budgets and plan for next school year before moving too far into a plan for next year. Will think about priorities and watch videos to prepare for February meeting and a discussion that is more in depth.)
- ✓ Safe Walking Route: <https://www.saferoutesutahmap.com/accounts/login/> Council members to access the link and see if they know of anything not currently on the map.
- ✓ Conferences: Mostly online, in person if parents insist.
- ✓ Qualifications for a new Superintendent:

- **Believes in equity for education.** Regardless of background, believes that students must have access to education and the services of education in an equitable fashion.
- **Culturally competent and able to meet the needs of a very diverse district.** From both a socio-economic and ethnic/racial standpoint, this very large district has different kinds of student populations, often with different needs. Looking for an individual who can think and act with those needs in mind.
- Endorses the current, evidence-based best practices **but also works toward the future state of education.** Technology has influenced every aspect of our lives. Does the education we provide to our students leverage technology in meaningful and helpful ways? Additionally, our students will enter a very tech heavy workforce. Are we preparing them for the modern workforce?
- **Clear, consistent, and timely communication.** Communicating well is a hallmark of good leadership. I'd love for the next SI to be exceptional in this regard.
- **Not act God-like.** Someone who seems human and reachable.
- **Live in Granite boundaries**
- **See the needs and have ideas to help**

## Rolling Meadows Community Council
