

Rosecrest Elementary SCC Meeting Meetings 11/12/2012 3:10 pm to 4:10 pm

**In Attendance** – Tina West – Principal; Nancy Hardy – Teacher; Becky Pettit – Parent; Becky Mott – Parent; Julie Bodily – Parent; Jan Davis - Parent

**SSAP** - The SCC reviewed the SSAP and approved with a change in how Math scores will be measured. The SCC would like to see the acuity benchmark testing changed from 50% to 25%. Tina will make that change.

**School Data – UCAS and CRTs** – This will be the final year for CRTs in the district. Testing will be moved to a more open-ended format. Details are being worked out. More info will be shared as we receive it. We reviewed a UCAS (Utah Comprehensive Accountability System) report. This report shows Rosecrest test data compared to the district and the state. This will replace AYP and each student will have an individual UCAS (eventually).

**Trust Lands 2011 – 2012 Final Report Discussion and Approval** – The SCC reviewed the Trust Lands report and approved with a change to the reporting of the testing scores in section 5a. Tina will add the school average for each of the four benchmarks instead of just the first and last. After the change is made, Tina will submit the report with full approval from the SCC members.

**Add Another Parent Member on the SCC** – After attending the SCC training for this year, we discovered that we can add as many parent members as we would like. In light of this discovery, we will invite Mr. Holeman (he ran for the open spot on the SCC and was not voted in) to take a place on the SCC. Becky P. will call and extend the invitation.

**Minutes** – Becky M. will make sure to include the meeting start and end times in the meeting minutes.

**Other** – Does Rosecrest have a bullying policy in place? Yes. We have a Buddy Box and Tina will be conducting a bullying survey in late winter / early spring.

Becky P. will research and e-mail the names of our Representatives. We should again write letters to them telling them what we are using our money for. (In January.)

The SCC members were curious as to how much of our enrollment is “in boundary”. Tina will find those numbers for the next meeting.

**Next Meeting** – January 14, 2013; 3:10 pm; Rosecrest Media Center
