

Community Council Minutes
Monday, April 9, 2012 - 3:10 in Media Center

1. Imagine It eSuite Demonstration - Ms. Robinson

The many activities available on the Imagine It eSuite were shared by Ms. Robinson as council members observed and asked questions. eSuite costs \$5000 and is an excellent tool for teachers. Council is planning to purchase the program for next year depending on the amount of funds we get.

2. Imagine Learning Demonstration - Ms. Robinson

Briefly saw and discussed the value of this program for our ELL students. It is expensive at \$150 a student. We would desire more licenses for our struggling readers if only we could afford it.

3. Music Decision - Input from community, faculty, other

Final Decision to be Sent?

The traditional band and orchestra instrumental programs were selected for our fifth and sixth graders for next year.

4. Trust Lands Budget Update

The Trust Lands School Plan for 2012-2013 had to be adjusted as the balance to run programs had to be a zero as opposed to the \$9000+ additional dollars needed that was shown. It was changed and resubmitted. A budget sheet was disseminated showing we should carry over about \$3000.

5. Safe Walking Routes Map - any changes?

The map and words look good. It just needs to show our entire school boundary area. Becky Mott and Tina will work on this and send it home for final inspection. We need to put the link to the map on our website.

6. Other?

100% For Kids Grant came through thanks to Andie Brown. Our school got \$1080 and plans to purchase five globes to put in teacher's classrooms.

Next Meeting - May 7 @ 3:10

If needed.
