

Rosecrest Elementary SCC Meeting Meetings 2/11/2013 3:10 pm to 3:40 pm

In Attendance – Tina West – Principal; Nancy Hardy – Teacher; Becky Pettit – Parent; Jan Davis – Parent;

Formative Data and School Goals – Tina presented graphs of how grade levels are progressing on our formative data. The graphs were Acuity Language Arts and Acuity Math both the Universal Screener and the Benchmarks, and the DIBELS graphs for both Benchmarks. This data was compared to our SSAP and Trust Lands school goals to check if we are on target. The Universal Screener data seems low as it is based on end of year data. We also think that this is too much testing as students may just be clicking through the tests. Overall, we see growth in our formative data.

School Usage and Space for Next Year - The district has decided to move the FA Units so we can have more space.

Trust Lands Progress Report and School Plan for 2013-2014 – The SCC reviewed the Trust Lands progress report. No suggestions or changes were offered. We also reviewed the School Plan for 2013-2014. Again, no suggestions or changes were offered. If any SCC member has changes or suggestions, please e-mail Tina.

Next Meeting – April 8, 2013; 3:10 pm; Rosecrest Media Center

Agenda Items – Safe Walking Routes Map and Other
