Rosecrest School Community Council Notes
Meeting Date: 4/11/2017

Safe Walking Map:

Council made a few additions and agreed the map was ready to be distributed at summer registration.

Next years SCC:

We will have 3 parent council openings and 2 teacher openings for the 2017-2018 school year. Anyone who is interested can contact Mr. Anderson. We will need to have the council in place by mid September 2017. We will advertise the School Community Council at registration.

SAGE Testing:

Begins this week. The action plan for success is as follows:

Students will take the test in increments over small periods of time instead of one long test to avoid burn out and feeling overwhelmed.

Tickets will be given out as incentives to help children feel more positive about SAGE and develop stronger test taking skills

Principal Anderson will be visiting the classrooms to give a pre-SAGE pep talk to help students feel motivated and less anxious about testing.

Re-Configuration Information Meeting

There will be an informational meeting to discuss the pros and cons of moving 6th grade classes to Jr. High and the 9th grade classes to Olympus. This meeting will be held at Olympus High School on April 20th at 6:00 pm.
