## **Report on Current Land Trust Plan - presented by Brittney Ambrose, Principal**

- Results from teacher survey on the effectiveness of funding a technology coach this past year:
  - Areas of focus in which teachers used the Technology Coach
    - Half was in Math
    - Third was English Language Arts
  - Teachers overwhelmingly responded that they observed an increase in student involvement, and increase in the teachers' technology savvy with the incorporation of Technology aided by the Technology Coach.
  - All Teachers responded they would like to continue receiving technology training via the Technology Coach
- Solutions of how to retain the Technology Coaching were discussed, areas to focus on next school year include:
  - Have a pull-out class for grades/classes to get instruction on technology on a regular basis
  - Have Technology Coach teach a targeted technology skill or method to the teachers and then co-taught in their classes every couple of months.

## **Kindergarten Registration - presented by Brittney Ambrose, Principal**
