

Rosecrest School Community Council

Minutes – October 18 2022

100% attendance (4 parents, 1 teacher, principal)

Approved September 2022 minutes

Reviewed Digital Citizen Website

Discussed how popular Google Interland is popular with the students

District provided resources are available on website

LanSchool Air

Powerful tool for teachers to monitor students' online activity

Teachers have all been trained and very happy with the system

College and Career Readiness Standards

Janet attended a District Community Council meeting

Will have a big impact on citizenship grades – especially for higher grades

Format proposed by District is too busy and complicated for elementary

Rosecrest staff will add information about new system on back of report cards

Need to educate parents that a "3" is the goal and is totally satisfactory

If score is lower than a "3" teacher will suggest one are to work on

Traffic concerns

Parents trying to get students to school before the 8:15 bell are consistently driving recklessly eastbound on Atkin Ave.

Despite repeated outreach attempts, some parents are still being reckless

Short term measures discussed: movable traffic calming barriers that can be easily set up and taken down. Closing off Atkin to east bound traffic in the morning.

Long term: talk to city about speed bumps/lights

Marketing Rosecrest

Items that can be included on a postcard to all addresses in our boundary:

Full day kinder, preschool, growth and proficiency scores in comparison to charters, weekly music class, 2x a month STEM and visual arts class, PTA events (chorus, musical)
