Granite School District Enrollment Options Guidelines

Guidelines for students to attend a school other than their home school in Granite School District have been established and comply with the standards of the "Enrollment Options Program" as outlined in Utah Code 53A-2-206.5 through 213. Students/parents requesting attendance at a school other than their home school need to complete an application form using the guidelines for participation outlined on this page. There are two enrollment periods:

- The Early Enrollment Period for the "forthcoming" school year begins on December 1 and continues through the third Friday in the month of February. <u>This is the recommended time to apply for the next school year.</u>
- The Late Enrollment Period to enroll for the current school year is anytime during the year; it may also be used to apply for enrollment in the forthcoming school year, if after the third Friday in February.

General Guidelines for participation applicable to <u>ALL</u> applicants at <u>ALL</u> times.

- Initiate application at REQUESTED school. Parent/student's requests do not require a release from their home school or district. If a student's legal residence is outside of Salt Lake County, the parent/guardian <u>must</u> contact the Prevention and Student Placement Office to finalize enrollment (385-646-4660).
- 2. A student may receive only one enrollment options transfer per school year.
- 3. Granite School District students will be given first priority for placement in participating schools. All other applications will be handled on a <u>first-come, first-served</u> basis.
- 4. Written notification of acceptance or denial of open enrollment application will be given to the student's parent or legal guardian as follows:
 - a. *For applications received during the Early Enrollment period*—by March 31 or within six weeks after receipt of the application, whichever is later.
 - b. *For applications submitted during the Late Enrollment Period for admission in the next school year*—by the Friday before the new school year begins or within two weeks after receipt of the application, whichever is later.
 - c. For applications submitted during the late enrollment period for admission in the current school year—within two weeks after receipt of the application.

(Dates may be delayed if the school board is unable to make an accurate school capacity calculation due to school construction, remodeling or boundary change.)

- 5. Each application will be screened and considered on an individual basis based on available space by building, grade, class, or program. Applications may be denied to those who have committed serious infraction of the law or school rules, or have been guilty of chronic misbehavior which would, if it were to continue, endanger persons or property, cause serious disruption in the school, or place unreasonable burdens on school staff. Academic standing cannot be used for exclusion.
- 6. A one-time, non-refundable \$5.00 processing fee payable to the requested school may be charged at the time the application is submitted. (This fee can be waived for qualified applicants.)
- 7. If the application is approved, the student will be expected to honor that commitment for the requested school year.
- 8. Parent or guardian withdrawal of a student from a non-resident school: A parent or guardian may withdraw a student by submitting to the non-resident school in which the student is currently enrolled a notice of intent to enroll the student in the district of residence or another nonresident district school. The district of residence will be notified of students being released.
- 9. Upon enrollment, a student will remain enrolled subject to compliance with rules and standards of the school which have been established for all students, as well as those subject to space availability as provided in the next item.
- 10. A student may be excluded from enrollment if the school has enrollment above the **open enrollment** threshold.
- 11. The school will notify non-resident students who will not be permitted to continue enrollment in the forthcoming year by March 15 of the current school year.
- 12. Reapplication is necessary only as a student changes schools upon progressing from elementary school to junior high school or from junior high to high school, and <u>the intended school of enrollment is not their legal residential boundary school</u>. **APPLICATION** to attend the new school **IS REQUIRED**. *Students intending to secure enrollment in this manner are admonished to submit proper application during the Early Enrollment Period*, December 1 through the third Friday in February.
- The parent/student is responsible for transportation to and from the requested school, except as provided in Utah Code 53A-2-213(2)(b)which allows students to ride on established routes on a space-available basis, providing no additional costs will be incurred by the district.
- 14. Applications are considered and granted on an individual basis with no stated or implied guarantee to siblings. However, Granite School District will consider and make an effort to accommodate applicants who have a sibling in the requested school or district.
- 15. Utah High School Activities Association guidelines/policies will be followed for students who want to participate in interscholastic competitions.
- 16. False or misleading information regarding residence or guardian information will result in cancellation of the application or revocation of enrollment.
- 17. Any decision or action taken upon provisions of this law may be appealed to the school board through the Department of Prevention and Student Placement.
- 18. Students from outside Granite School District who wish to apply for placement in junior high Gifted and Talented Programs should phone our testing office (385-646-4620) during the first week in January to receive a nomination form and sign up to take the required qualifying test.
