

SKYLINE HIGH SCHOOL

PRINCIPAL'S MESSAGE

March 22, 2021

Skyline High School won another state championship. The first this year was won during the fall season in Golf. This time the Debate team was awarded the State Championship. It is so great that we have so many ways that students can find to get involved and work towards excellence. Congratulations to our Skyline Debate Team! These students worked all year to prepare and are under tremendous pressure throughout the competition, they are very impressive. The competitions this year were all virtual. Just one more thing they had to overcome on their path to becoming the State's number one team. Way to go Eagles.

Please, tell us stories of teachers who have done something that has made a difference at Skyline High School. Think about the four components of our RISE program. Teachers are working hard and doing amazing things to help students be Resilient, have Integrity, Support themselves and others, as well as achieve Excellence in its various forms. Feel free to participate as often as you see fit to recognize the great teachers we have at Skyline High School. Teachers receive an award weekly for being recognized. They love to hear that their efforts are being appreciated. Here is a link to the survey: <https://forms.gle/mDQPY7xybBCKnpg97>.

This week, we will highlight Ms. Merry Carney. She teaches many levels of Math classes. She works tirelessly to support her students and give them what they need to experience success. Ms. Carney is being recognized by the Skyline community:

"Ms. Carney has done a herculean job teaching math both on-line and in-person. Effective math teaching requires working with students with multiple learning styles and levels in the same class. Ms. Carney is one of those gifted educators that possesses these skills. All of our children have had Ms. Carney for math at Skyline and have reaped the benefits of her work."

"Merry went out of her way to make sure my son was able to sign up for his concurrent enrollment class."

"She inspires my son to keep trying even though he hates the subject matter."

Congratulations Ms. Carney for all that you do in helping Support our Skyline Eagles!

Sincerely,
Mitch Nerdin, Principal
