

SKYLINE HIGH SCHOOL

PRINCIPAL'S MESSAGE

November 2, 2021

I have seen some pretty amazing things happen over the last few weeks. I was at Spanish Oaks on a rainy day and watched Skyline Boys Golf win their fourth straight state championship. This feat was accomplished against some pretty daunting circumstances. The other team in the hunt was Spanish Fork High School and they were competing on their home course. The two teams were tied after the front nine on day two. These Skyline players came through with some amazing shots to pull out the victory. They were individually amazing. More so, the team rallied together and won as a group. All of our scores that counted were in the top ten of near 100 players in the championship. What an amazing team victory, champions again!

I watched the Skyline Girls Soccer Team pull off an undefeated season as they won the state championship last week. Obviously, the storyline is that Skyline won the state soccer championship. It was a great win over Lehi in a 3-1 battle at Rio Tinto. The team came together early with a lot of great wins, over tough talent, all over the state. One of their players suffered a season ending injury and the team still fought through it to be champions. They had many individual heroic moments. They persevered throughout the season as a team and accomplished the mythical undefeated season. What an outstanding team accomplishment, undefeated!

Skyline has many great students, teachers, coaches, and accomplishments. It takes a team effort to overcome the challenges set before us and RISE to shine as champions. Everyone on the team has to pull their weight and be **Resilient**. Each person increases their **Integrity** as they put in the work necessary to be a champion. Each member of the team must encourage their fellow teammates and expect **Support** from each other. Skyline displays her great ability to be a champion as she expects to **Excel**. I am so proud of the Skyline Eagles that RISE each day and make us all proud to be part of an amazing team together.

Skyline teachers do so much above and beyond to help students. Please, tell us about your experiences with our great teachers. We will honor a staff member each week based on your feedback. Please, take a moment and tell us about the great things happening in the classrooms of Skyline High School. This is the link to submit nominations:

This week we are honoring Mr. Adam Larson. Mr. Larson has been the Band and Orchestra Teacher at Skyline for 17 years. His love of music and teaching is evident as his students present incredible performances year after year. Here are some of the comments about Mr. Larson:

“Mr. Larson values students' ideas and gives great feedback. He is flexible with presentations using different angles to teach good technique. Most of all he makes music fun. Music is a joy and a gift and he imparts this well. Skyline is fortunate to have such a wonderful instrumental instructor in Mr. Larson.”

Sincerely,
Mitch Nerdin, Principal
