

SKYLINE HIGH SCHOOL

PRINCIPAL'S MESSAGE

May 18, 2022

High school is a compilation of experiences that range from academics to arts to athletics. Students enjoy their time in high school for various reasons. As they reflect on their time at Skyline, they will be able to tie their progression back to at least one of these three areas. I believe that students will be happier and healthier if they have as many diverse experiences as possible in all three areas.

I highly regard the comprehensive high school experience. Students gain so much from being exposed to all aspects of being a high school student. I hope all Skyline students strive to gain knowledge through the many avenues available to them. Student growth is what matters in high school and embracing all that Skyline has to offer provides a myriad of growth opportunities that work to challenge, enrich, fulfill, and ultimately cultivate success.

I want to express appreciation to all our wonderful coaches, advisors, and support staff, as well as parent volunteers, who help students build success. With your support, Eagles RISE and soar toward amazing accomplishments.

We want to hear from you about the teachers at Skyline. We will honor a staff member each week based on your feedback. Please, take a moment and tell us about the great things happening in the classrooms of Skyline High School. Here is the link for nominations: <https://forms.gle/mDQPY7xybBCKnpg97>.

This week we honor Mr. Craig Barlow. Mr. Barlow is a skilled and caring Math Teacher. He is an accomplished professional who shares his knowledge in ways that inspire his students. Here are some comments about Mr. Barlow:

“Great teaching”

“These teacher[s] always show a positive attitude no matter what they ... encourage their students to do their best”

“Barlow is by far the best math teacher I've ever had, he is very nice and understanding and he explains everything well.”

Congratulations Mr. Barlow!

Sincerely,
Mitch Nerdin, Principal
