1. Matt Durham talked about improvement on roads. He had no concerns.
2. Building Update: FF&E preliminary took 3 days. It was very productive for the faculty. They were able to detail everything they thought was important. There were things that had been missed and the faculty was able to point out things they missed. A lot of things were changed along the way because of building committee and parents pushing back. They will take things needed or wanted and see what can fit in the budget.
3. North boarder- neighbors have had so many problems. Things are getting done and they are feeling a lot better about it. The district has put fences up and large trees so they can get their privacy back. Softball field will be ready in time for the season. Tennis court will not be ready until the next school year.
4. School Goals: We are pushing to improve Science scores. Having our instructional coach has been very beneficial to our teachers. Brodie Reid and Kathy Robinson have extra periods during the day to help kids do better in their classes. Right now, we are targeting 9<sup>th</sup> and 10<sup>th</sup> graders. Freshman orientation was a great success with helping the 9<sup>th</sup> grade feel welcome on the first day of school.
5. ESSR: We have 1 more year of ESSR to invest in the teachers to make teaching better.
6. Land Trust Amendment: Motion to approve Juan-Arce-Larreta 2<sup>nd</sup> Alisa Hamblin. Panorama Survey:
7. High percentage do not identify with any adults in the school. 15% feel they can trust someone. Attendance and tardy have been a problem. Rewarding students on time 3<sup>rd</sup> period. How do we keep them accountable. In the past citizenship did not affect them graduating. Starting this school year citizenship does count. Our Admin is doing afterschool and Saturday school to help erase their tardies. This will help with citizenship. We have implemented new hall passes. Panorama is taken 3 times a year. Councilors sit on the panorama panel. Councilors meet with each student at least 1 time throughout the year. Meeting adjourned 7:48. Next meeting December 8, 2022.
