

Skyline High School 2023-2024 Curriculum Club Continuation Form

This form is for students and advisors who wish to continue a Curriculum Club that was approved and in place during the 2023-2024 school year. Although a new application is not required for the approval process, this form must be completed so that Skyline Administration has the current information regarding your club.

Once the form is received by Assistant Principal Heather Sonne and the club name appears on the approved list posted in the Main Office and/or on Skyline's website, the club may begin advertising for new members.

****Please note that all club members must still turn in a signed Parent/Guardian Approval Form for a Curriculum Club to the Club Advisor.**

The Curriculum Clubs from last year are listed below. All other clubs must submit a New Curriculum Club Application.
