The training meeting for Community Council members on October 21, 2015 was reviewed for about 5 minutes.

Clover discussed the council's responsibilities, specifically what items need to be included in our meetings and on the agenda. This was included a discussion of the timeline for the school year and when certain items would need to be included on the agenda. In January we will start coming up with a "wish list" of items to include in our SSAP as well as prioritizing those items. In February we will discuss the results of the DIBELS mid-year testing. Mrs. Christensen will get input from the council in March regarding staffing scenarios available. We will be working on the upcoming school year's SSAP goals in February and March. There will be an internet safety assembly for students in March and this will fulfill our responsibility for digital citizenship. We also discussed the professional development plan and how the original plan for that will need to change and possible ideas of what to do now. (This discussion lasted about 20 minutes.)

We briefly reviewed the rules of Order and Procedure that Clover brought with her to the meeting. Alisha motioned to adopt the presented Rules or Order and Procedure. The motion was seconded by Becki Pulley and all present voted in the affirmative. Clover will send these to Christine who will then be sure to include these rules on the Truman website. This was about a 5 minute discussion.

Mrs. Christensen reported on the goals achieved from the SSAP. She also discussed how she would like to alter some of these goals for next year, specifically to include writing. (About 15 minutes.)

Becki Pulley raised concern about Mrs. Gellerson's extended absence. Mrs. Christensen responded. Inside day vs. outside day concerns were also discussed briefly. (3 min)

Alisha motioned to adjourn the meeting. It was seconded by Gabriel Ruzzi and all present were in favor.

Meeting adjourned at 5:50pm.
