

Community Council Minutes
March 16, 2020
Zoom Mtg.

In attendance: Mr. Broderick, Ms. Austin, Molly Upshaw, Rebecca Kirton, Karlie Badger

Land Trust 2020-2021

Goals-

Increase reading & math (3% dibels, from year end and from beginning, 15% pre to post)

Teacher feedback –

Help for split classes next year (use money for aides in those classes instead of math aides – no math specialist, set program like there is for reading)

Like having keyboarding plus library aides

Next Year Plan

Aides: prioritizes reading, split, keyboarding and library aides, math too if available.

Help PTA with Digital Citizenship (can be done during keyboarding?) Add a second goal to plan in character development/leadership category (or make it curriculum to fit in achievement increase goal)

Add in curriculum as option for funding changes maybe Chromebook refresh as well, other tech.

Next mtg.- talk about addressing enrollment concerns to district leadership
