SCC minutes reviewed by Steffany and moved by Elis. Seconded by Vallery.  
Ellis gave a summary of the DCC. Looked at the district vision statement.
- HVAC Project Updates
  - Water coolers in all rooms
  - Two week notice
  - Concrete project starting 11/15 to widen sidewalk to allow for fire trucks
  - Relo bathrooms moved in on Monday and Tuesday

Every class will have water coolers. Still waiting on 2 week notice for moving to relos. We are getting a new fire lane and it will be blocked and the school will monitor for safety. Bathrooms have been placed. Principal meets with contractors each Wednesday for updates. Valery asked about snow removal. We are looking at some ideas.

- Digital Citizenship Review

Mrs. Bynum shared about a program called BARK. We can see if students are seeing inappropriate things. We did a digital citizenship week. We have seen in 4th and 5th grade, some cyber bullying outside of school. We are setting up some things to help. We talked about Landschool. We can monitor student activity.

- Inclement Weather Temperature

Our threshold was 20 degrees and last year we moved to 25 degrees. Mrs. Bynum proposed 22. Her reasons included other schools' limits, as well as morning breakfast. Jessica mentioned the struggles as a sub to get kids after staying in. Parents discussed. CC voted. Ellis made a motion to raise to 22. Parents voted 4:0 in favor.

Spirit Awards: Maybe a little long. Suggested one reader for awards. An idea was projecting the names on a board. The kids could not get the certificate until later. Parents suggested grade level. Suggested having a packet with awards. Say the name with every certificate they will get. 95% of attendance will get the award.

Ellis moved we end the meeting. Valery seconded.
