- I. Welcome

 - a. Jillian motions to approve
 - b. Kirstyn seconds
 - c. All in favor
- III. District Community Council updates
- IV. Faculty Parking
 - a. Running out of spaces so looking for suggestions:
 - i. Label faculty parking
 - ii. Suggest students share information to parents – train students!
 - b. Painting curb Mountain View – and right turn sign
 - i. Jennifer – contact the paint shop and Millcreek
- V. Council Membership and updating Rules of Order and Procedure
 - a. Membership and council size discussion
 - i. The Upland Council prefers a large council. It is an advantage to have diverse experiences among our members to help foster meaningful discussions.
 - ii. 12 members is ideal
 - iii. We will vote at our next meeting, since there is not a quorum today
 - b. Share template
 - i. Members got a copy of the template of the Rules of Order and Procedure that will be posted on our website when we vote on the membership information
- VI. Other
 - a. Long Term Substitutes: Why only 29 hours? Money – over 29 hours = requires benefits
 - b. Teachers announced a possible snow day this week – makes it tricky when parents have to tell them this is not the case. Jennifer – clarify with Upland staff that teachers should not be preemptively announcing snow days.
 - c. Full day kindergarten does NOT have a nap time. There is a 15 minute time for “brain recharge”, where there are calming activities while teacher pulls students 1:1/small group for assessment or instruction

Jennifer moves to adjourn at 2:49
