

## Honors Classes

### 8th Grade

- English
- Math
- Science
- US History

### Benefits of Honors Classes

**College Admission:** Taking full advantage of the honors program at your jr. high and high school signals to colleges that you are serious about school, and that you will continue to work hard in college.

**College Credit:** If you take the AP or Concurrent Enrollment Classes you will likely start college with at least a few college credits. You may also be exempt from taking certain required college courses. This can save you significant time and money on the road to college graduation. Honors classes can help get you ready for AP Classes.

**College Readiness:** Being used to a high level of challenge and a fast pace will serve you well when you hit the college books.
