Military Child Month

Did you know that there are approximately 1.7 million military children that are school-aged? of that number, more than 765,000 have active duty parents. We have about 18,000 school aged military children in Utah. In honor of their resilience and sacrifice Utah PTA has proclaimed April as the Month of the Military Child.

Please take a moment this month to thank our service men and women and recognize their children for their herosim, character, courage, sacrifices and continued resilience. We love our Military Families
