- Natalie Cooke motioned to approve
- Shauna Jensen second the motion
- All in favor-Mandee Cossa, Natalie Cooke, Shauna Jensen, Phillip Tweede, and Kerri Bauer

No Action Comments:

Mike Millet and Erik Brondum visited our community council to discuss the safe walking route for 7th and 8th students who will now be attending Hunter Junior High School 2016-2017 school year. Students living near West Valley Elementary are within the 2 mile radius before receiving bus service. They will be required to walk, ride bike, or car pool to the junior high. Many students will be needing to cross 3500 South. Erik and Mike informed the council members that there will be a cross walk in place.

It will either have crossing guards or HAWK lights (stop light). It is unknown at this point which will be in place when school starts. Officer Mike Millet said that there is a free Walking School Bus App for parents to locate walking groups for their kids to join.

Shauna reported that 65% of Trustland funding should be spent at this point in time of the school year. We are just below that, but chromebooks have not been processed yet which would increase our spending percentage.

The school received a \$1,500 donation for our Lego League. A new Chrombook cart with 40 Chromebooks will be received courtesy of Larry Hudgins. A new sound system will also be installed this calendar year sometime.

Agenda for Tuesday, February 9, 2016 at 8:00am

- Approve January 12, 2016 minutes
- Principal report
- Review budget
- Progress report
