- Principal notes

Action Items:

- Approve December 12, 2017 minutes
 - Kerri motioned the approval
 - Quint seconded the motion
 - All in favor - All present

No Action Comments:

- Presentation given by Rebecca Baggett. Rebecca is the School Technology Specialist (STS) and the LAND Trust budget is paying for half of her salary so that she can be at WV full time instead of half time. Since we received the 1:1 technology grant for this school year, and all WV students have Chromebooks, it was decided that full time support would benefit all students and teachers. Rebecca has pushed into every classroom and is providing students with engaging technology instruction to help increase their learning. Rebecca provides teachers with a menu of options to select from each month and then co-teaches with them so the teachers learn along with their students and can then utilize a variety of technology lessons, activities, and tools with their students. Rebecca is help building the capacity of both students and teachers to make each classroom more of a blended learning environment.

Agenda for next meeting: Approve January minutes, Principal report, budget review
