

## **Gearld Wright Elementary Community Council Meeting**

**January 22, 2021 at 10:00 am**

- **Watch training video on Safe Technology & Digital Citizenship – Jen**
- **Budget - Kristie**
- **Second, LAND Trust – Kristie**

**Present:** Charlene Johnson, Jen Tingey, Kimi Bayles, Kristi Reather, Hillari Langford, Patricia Sargeant,

**Absent:** Jamey Pease, Cathy Noble

**Call to Order:** Jen Tingey

- Watched training video: iboss filtering security for all district technology, lessons for students/community regarding digital citizenship & safety

### **Thoughts on ways to implement for our community:**

- Week of digital literacy for fun to involve the kids and community
- Send daily things home for one week to involve parents & kids, maybe in March; bullet points in Paw Print
- Have a “crazy” something day to go along with the week (last day of week), include distance learners – have teachers get all the distance learners involved with Zoom to see everyone
- Have a prize of some sort for kids who do the work at home
- March 1-4

### **Budget**

- Have spent about \$6500 for in class, dibels testing, acadience, etc.
- Bought ST math, a \$6,140
- The rest spent on paraeducators and a teacher; Anticipate about \$3,800 carry over for next year
- Next year won't get as much for LAND trust – 65-75k for next year, lowest paid teacher is \$80k with benefits. Teachers would like money toward a teacher for next year, but need to write the LAND trust toward a teacher and/or paraeducator. Important to keep using ST math and MClass. Have had really good paras this year in getting things done, but would be really nice to have another teacher for a large grade. Benefits for both! Teacher for lower grades will be most beneficial.

## **Miscellaneous**

- Mrs. Reather shared the 2021-22 Continual Improvement Plan
- Compares our scores with district, pre & post benchmarks. Dibels longitudinal data.
- Lowest 25% are doing well, ELL students 41% gain (should make 40% gain in a school year),
- Will know soon about enrollment numbers for next school year – will get numbers in early March. Class placement, FTE, etc. Get input from teachers. See what grade level teachers would like to teach for next year. Student enrollment for next year.

Next meeting: February 19, 2021

Motion to End: Jen, second Char
