Absent: Charlene Johnson, Justin Holt

Marianne motions to start meeting, Cindy 2nd the motion.

Approved notes from previous meeting held Tuesday, Oct. 19, 2021

- Reviewed safe walking route with officer Mike Millette, WVC PD and engineer. Discussed that having crosswalk lights or adding another school crossing is not an option we qualify for with the distance we need between crosswalks. The best way to tackle this problem is to continue educating teachers, staff, parents, and students about the importance of using the school crosswalk.
- Discussed budget, progress, and data. Proficiency is good compared to other schools with similar demographics.
- Discussed focusing on smaller class sizes by hiring more teachers.
- Reviewed safe technology and Digital Citizenship Reports.
- We got the Choose Kindness Grant for \$6800. Social Worker and teachers will be trained with 4 lessons a month.
- Schools LAND trust website is offline until Jan 15th.
