### ***Welcome & Introductions:***

- Welcome to our new people

### ***GSD District Vision:***

- *Focus on continual improvement*
- *Graduate of Granite Characteristics:* this will involve changing the Citizenship Grading procedure. There is a formula that includes the following characteristics: Communication, Hard Work & Resilience, Dependability, Responsibility and Academic Proficiency. Less scoring based on attendance.
- *Board Goals:* increase student achievement, parent/community engagement. We need survey feedback from all of you. Please fill out the surveys we send to you. This helps us out even more than verbal feedback.

### ***YESS Mission & Goals:***

- Our mission statement is now on all of our communications. We will try to make it more succinct
- We will continue to use our Google platform to help us with our data. Sites are getting more comfortable with this.
- Accreditation was last year. We were more than 50 points above the national average. We are trying to improve tech access for our students.
- We are using Star 360 to assess success with our student instruction. We are using both the data from this assessment tool as well as our Google platform to better inform parents and our PLC teams. Being able to use data to assess student needs is preparing us to better design and deliver instruction.
- USBE has access to more technology they learned about at a conference and have offered to share this with us at a later date.

***New Staff:***

- Youth Services: Katie (Math/Science), Ashley (English)
- Transition/Roosevelt: Tucker (Science)
- DSI: Caroline (Math)
- We added Art classes at DSI and are using some of our DT teachers to help better align our school resources

***Local Agency & Community Council:***

- Purpose: Document was reviewed
- Event Timeline/Procedures: Rules of Order and Procedures (upon request from Jason)
- Council Members Roster: You will be getting an electronic signature to sign next week (via email).

***Data Review – Trina Cotterman:***

- Looked over the data we are currently collecting. Shared site-specific data with members
- What do you need in your facility? What data would be helpful to you?

***YESS Happenings/YESS Website – Brenda Monson:***

- Reviewed some of our exciting events posted on our website.

***Other:***

- The supplemental Grant will be released soon. Please let us know if there is anything you would like included on this grant.
- YIC Audit in February. USBE will be visiting some of your sites.

What would you like to see addressed in our Community Council Meetings?
